Part 1

The process listings shown below were generated using the "View Active Process List" option from Comodo Firewall version 4.0.141842.828.

VirtualBox is running on a host Windows XP SP3 PC and the guest VM was Ubuntu Linux 10.04.

Process List Before Starting / Stopping VirtualBox VM

| Application	PID	Company	User Name
Windows Operating System	0		NT AUTHORITY\SYSTEM
smss.exe	2020	Microsoft Corporation	NT AUTHORITY\SYSTEM
